

JACOBS WELL MISSION STATEMENT

Here at the Jacobs Well our priority is the safety of our Staff and Customers.

We have taken every measure to ensure we are following government guidelines to make sure you as a customer and our staff feel comfortable and safe in the Jacobs Well environment.

Please take note of the six points below to make your visit as welcoming and safe as possible.

- Please wait at the main entrance to be greeted – this is if you are dining or drinking inside and out.
- Guidance will be given to you by staff and must be adhered to at all times – if not you may be asked to leave.
- There will be no standing in the yellow taped area – you can order drinks at the bar where signs advise.
- We will be doing table service – a member of staff will take your order and deliver food and drinks to the table – payment will also be taken at the table.
- Customers are encouraged to use the sanitising stations arrival, and during your visit.
- The staff will be regularly sanitising the tables, surfaces and toilets throughout the day.
- Our outside area will be regularly checked and cleaned – drinks and food can be ordered at the outside or inside bar.

Please always adhere to keeping social distancing and government guidelines.
